

Analysis of the municipal climate action policies

Third working meeting of the partner municipalities

Burgas, Varna, Kardzhali, Plovdiv, Ruse, Sloven, Sofia, Stara Zagora

8 – 10 June 2022, Shipka Hotel - Sofia

The purpose of this meeting is to finalize the analytical reports, based on the steps envisaged in the methodology, as well as on the things learned and the shared experience during the study trips to Norway. The focus of the reports will be placed on the finalization of the decisions for investment measures, the overall shaping of the reports and the finalization of the work related to proposals for updating the municipal policies and the national legislation, as well as the curricula in the secondary and higher education institutions for construction, urban development and landscaping.

Participants in the meeting shall be the expert teams of the partner municipalities under the project.
